video lottery operator. Operators are billed twice monthly for video lottery revenue – once for the first through the fifteenth and again for the sixteenth through the last day of the month. A billing statement, which includes the designated sweep date, is available to each operator via an e-statement approximately one week before the designated sweep date.

If the State’s bank notifies the Lottery that an operator’s sweep was returned NSF (non-sufficient funds), that operator is contacted and informed that a re-sweep will be attempted the next business day. A \$40 NSF charge and a 1-1/2% penalty are assessed on the operator’s total sweep amount and will be posted on the next billing statement.

If the re-sweep is also returned NSF, another \$40 NSF charge and 1-1/2% penalty is assessed on the operator’s total sweep amount. The operator will be contacted and asked to provide a certified check within 5 business days for the amount due. If the certified check is not received as requested, the Lottery will disable that operator’s video lottery machines until payment is received in full. A decision may be made to cash the operator’s security item currently held by the Lottery, i.e., surety bond, letter of credit, certificate of deposit, or cash. If the total collection is still not successful, all pertinent information will then be forwarded to the State’s collection agency.

Excessive NSFs by an operator may result in an increase in that operator’s security amount required by the Lottery.

REPORT ALTERED CASHOUT TICKETS

Please remain vigilant and report any instances of altered cashout tickets to local authorities as well as to [Robyn Seibel](#) at the Lottery.

Rules hearings. Contract updates. The latest Lottery statistics and projections. The South Dakota Lottery Commission meets 4 to 6 times annually to discuss issues and make decisions regarding Lottery business. While not everything the Commission does will have a direct impact on your business, staying informed on the actions they take can help you prepare for any changes that do. The State of South Dakota's Boards and Commission portal lets you review meeting times and agendas, listen to audio from past meetings, view our annual report, and even know who our commissioners are. A listserv function was also recently added that lets you sign up to receive emails when new Lottery information is posted on the portal. Find out more at <http://boardsandcommissions.sd.gov/>
