  - System Conversion – Iceland – 2008
  - System Conversion – South Australia – 2008
  - System Conversion – South Dakota – 2009

AEGIS Video Site Controller

- This is a product that Scientific Games will install at each licensed location and serves onsite communications gateway and terminal controller
- Provides support for newer GSA SAS Protocol
- Provides support for additional functionality
  - Onsite ticket validation with the purchase of a monitor, barcode reader and printer.
- Replaces master modem with external modem
- Uses existing phone line currently communicating with the State Control System
The site controller dimensions are:
- 3.95”x13.3”x14.9”
- 120v, 240W power supply
  - Installation will require standard 120v power outlet at location of site controller installation.
- Zoom-3095 v.92 USB mini ext modem
  - Installation will require access to existing Lottery System phone line.
**Support Required from Operators**

- Prior to Migration
  - Sign up and attend technician training
  - Schedule seasonal locations
- During Migrations
  - Technician dedicated to installs
  - Convert master modem to slave
  - Assist with access to VLT’s to connect site controller cable
  - Complete VLT Audit form
- Post Migration
  - Maintain and support site controllers
  - Technicians will need
    - Monitor
    - Thumb drive
    - USB keyboard

**Migration Planning**

- Migration Planning Team will begin contacting Operators the week of October 13th
  - Technician availability
  - Technician scheduling
  - Location scheduling
- Operators will receive copy of planned schedule
- Locations will be contacted and scheduled
- Locations will be re-contacted week before migrations
- Technicians will be given meeting place to begin the installations
On Site Activities
- Installer and technician will arrive at each site
- Installer will call migration center to disable machines
- Site controller will be unpacked and configured
- Machine Audit Form completed
- Master modem changed to slave
- Site controller installed
- Machines enabled on new system
- Install team will not leave until machines are playable

Until Migration Completion
- Contact Scott Stewart @ 678-297-5178
- Quote will be faxed and once signed order will be shipped

Post Migration
- Scientific Games will provide a toll free support number for 24 hour support including spare parts
- Quote will be faxed and once signed order will be shipped
- It is recommended by Scientific Games that each operator maintain at least one spare hard drive
Technician training will be conducted in three separate locations.

Technicians will be trained on configuration, maintenance and support of site controller.
